

STANDARD PRODUCT RANGE

CUMI (Australia) pride ourselves on being the largest stockist of alumina ceramic tiles in Australia. Our extensive product range includes alumina tiles in a range of thicknesses, shapes and sizes, ensuring we meet diverse customer needs. We offer Rubber Back Ceramics (RBC), in thickness from 8mm to 50mm as well as rapid repair items such as CUMIPATCH and CUMIMAG. We also hold an extensive adhesive range including high strength, fast cure epoxies and our trowellable ceramic compound WULFWEAR, ensuring strong and reliable bonding for various applications. All these products are readily available ex-stock from our four locations across Australia. Additionally, we can provide custom tiles tailored to your specific requirements, available as special orders.
